* How to relieve constipation and other bowel movement problem ?

ANSWER: If you don't have any bowel movement at least once a day or have bowel movement twice a week, you are suffered from constipation and other bowel movement problem. This is usually caused by not drinking enough water or having much liquid diet and yeast / bacteria infection.

DOSAGE: Take Silver solution orally two or three times a day with a tablespoon each that will help destroy yeast and bacteria infection.

RESULT: You should expect to see benefits of bowl movement within the first two days.

* How to remove redness or dryness in your eyes ?

ANSWER: You have stuffy noses. Often times you will blow your noses with a kleenx tissue, forcing the mucus inside your nose nostrils to come out so that you will catch a breathe of fresh air easily. If you blow your nose too hard with much force, the blood capillary of your eye will burst, making the blood to flow into the space between your eye cornea and your len inside your eye, causing your eye redness. The blood trapped there will be decomposed by itself from red, then green, yellow and later disappears. The process will take from 10 to 14 days or even longer to heal. It depends on the individual on case by case basis.

DOSAGE: Use a straw to dip into the silver solution bottle and place a drop of the silver solution into your affected eye with redness. Do it once in the morning after shower and once in the evening before going to bed. You may rub any excess silver solution split out of the eye onto the skin around your eyes, eyebrows, and anywhere on your face. This help stop any dryness of your sensitive skin around the eyes as well.

RESULT: Your eye redness should disappear in 5 days, shortening the normal healing process half of the time or even more. Silver solution can be used an artificial eye drop to soothe your eyes from dryness.

* How to gradually help healing your skin cancer ?

ANSWER: Skin cancer can occur from many different reasons. Some are derived from genetics and family history. Others come from constant exposure to Ultra-violet sunlight during the day all the time. People, like construction workers, military soldiers, traditional farmers, fishermen, and anybody who stays outside exposed under the sun most of the time, are often subject to skin cancer. Often it starts on their noses, faces and other parts of skins exposed to the sun.

DOSAGE: Use Silver gel to rub on the affected areas as soon as you can find it earlier everyday, three times a day. Drink the Silver solution three times a day, each time one tablespoon.

RESULT: Some people show skin cancer on their noses completely disappeared after one year of use of silver gel. At the same time, drinking silver solution will also help suppress the skin cancer internally inside your body if cancer ever spreads around from skin to other tissues and/or organs.

* How to relief itchness or pain inside the anus ?

ANSWER: yeast and virus are growing or some cell tissues injured or bleeding inside your anus.

DOSAGE: place a drop of silver gel onto your finger and rub it around the cell wall inside your anus.

RESULT: Within five to ten minutes, you will feel relief from the pain and begin to heal.

* How to make your facial skin very soft and vibrant ?

ANSWER: Many people stay late at night. Others work under the sun all day long. Some are exposed to polluted air, while a few people have become old. All these factors are the causes of your skin looking old, wrinkle, and showing brown spots.

DOSAGE: Use a horizontal 1-oz bottle of silver solution to spray your face while

you close your eyes. After that, use both hands to rub your face so that these drops of silver solution can be absorbed into your facial skin and start repairing your skin cells to look soft and vibrant again. Do it three times a day. For brown spots, you will have to use silver gel to rub on it.

RESULT: After a week or so, your face will look soft and vibrant. Your brown spots will become lighter and whiter. They might disappear someday.

** Please pour your 10ppm 8oz silver solution into 1oz empty nasal spray bottle and 1 oz empty horizontal spray bottle. This will allow you to have many applications of silver solution to treat illness in your life.

** 请将 10ppm 8oz 银溶液倒入 1oz 空鼻喷雾瓶和 1oz 空的卧式喷雾瓶中。这将允许您有许多应用银溶液来治疗您的生活中的疾病。
